

## **BONUS CTE NETWORK NIGHT!!**

**Just added for spring of 2013....**

# ***Educator Effectiveness for CTE teachers***

A Statewide Pilot of the Educator Effectiveness System will take place in the 2013-2014 school year, with full implementation taking effect in the 2014-2015 school year, for all educators in the state of Wisconsin. How do you demonstrate effectiveness in the CTE classroom? What do you know about the domains of practice and how they are represented in your teaching as a CTE teacher? What measures of student achievement are most effective for your CTE students?

To help CTE teachers prepare for this new system, CESA #4 has added a CTE Network Night specifically to provide you with the opportunity to understand the various components and what it may look like in your classrooms and your fellow CTE teachers' classrooms!

When: **Tuesday**, March 19, 2013  
Dinner: 4:30-5:00 pm  
Program: 5:00-6:15 pm  
Networking Discussions – 6:15-7:00 pm

#### Program Topics:

- Danielson Domains of Professional Practice
- Application of these domains to Career and Tech Ed
- Student Learning Objectives (SLOs)– what are they?
- SLOs in CTE: Measuring student achievement in our unique content areas

**COST:** Districts participating in the Perkins Consortium (ACHM, Arcadia, Bangor, BRF, Blair Taylor, Cashton, CFC, DeSoto, GET, Hillsboro, Independence, LaFarge, Melrose-Mindoro, NOW, West Salem, Whitehall) or purchasing the CTE Leadership Service (LaCrosse, Onalaska, Sparta, Holmen) are free. \$50 per person cost for this event for participants from other districts.

You can register for this event at [www.cesa4.k12.wi.us](http://www.cesa4.k12.wi.us)  
Questions, contact Sherri at [storkelson@cesa4.k12.wi.us](mailto:storkelson@cesa4.k12.wi.us)
