- Emphasizes teaching for comprehending strategies and reading continuous text
- Provides explicit teaching of effective and efficient strategies for expanding vocabulary

Recommendation: It is beneficial for participants to have purchased the LLI System prior to training Grade 3.

Training Materials: You will receive a schedule indicating which LLI and assessment materials are required for participants to bring to each class. Training materials will be available through Heinemann. These materials are not part of the registration fee. Supplemental materials, developed by Judy and Vicky to enhance the delivery and monitoring of the intervention system, are included in the fee of the workshop.

*A benchmark assessment system is an integral part of LLI. If your district does not use one, consider purchasing the Fountas and Pinnell Benchmark Assessment System 2

Registration: All registration can be completed through our online registration website which can be found at www.myquickreg.com, or go to the CESA 8 website and click on the red link at the bottom of the page.
