

Born to Be Wired

Ian Jukes

NetSavvy and Communication Literacy for an Information Age

Date:
October 9, 2009

Time:
Registration: 8:00 a.m. - 8:30 a.m.
Workshop: 8:30 a.m. - 3:00 p.m.

Location:
UW-Fond du Lac - Room UC113/114
400 University Drive
Fond du Lac, WI 54935

Description:

The Information Age is upon us! The development of the World Wide Web as a research tool has brought the Internet with all its flavors of information - text, photos, audio and motion video - into the public consciousness overnight. As the Web has exploded into our consciousness as a full fledged information medium, tele-communications has suddenly gone from being a specialized thing done by propeller heads to something that is taken for granted. While the sheer magnitude of available resources is beyond our comprehension, we ain't seen nuthin' yet!

This presentation will carefully examine IDD (Information Dysfunction Disorder) and proposes a remedy - InfoSavvy. InfoSavvy is a multi-level, integrated and interdisciplinary, problem solving information literacy framework based on the 5As of information fluency -

ASKING questions, ACCESSING data, ANALYZING and Authenticating information, APPLYING that knowledge to solve real-life problems; and ASSESSING both product and processes. Participants will come away from this session with a clear understanding of how to teach information processing skills in a structured, organized and progressive manner.

This presentation is based on the new book Net.Savvy: Building Information Literacy for the Classroom published by Corwin Press and co-written with Anita Dosaj and Bruce Macdonald.

Registration Fee: \$250.00 per person (Registration deadline: September 1, 2009)
(includes one day of training, materials, continental breakfast and afternoon snack)

Who Should Attend?

Leadership Teams, District Administrators, Principals, Technology Coordinators, Regular Education Teachers, Special Education Teachers

Graduate Credit
1 graduate credit will be available through UW Oshkosh

Cancellation Policy: Any workshop registration cancellations must be received 48 hours before the workshop scheduled date, for a refund to be issued. Because attendance at most workshops has to be limited, persons registering for a workshop and not in attendance on the day of the workshop will be charged the full registration fee.
