Seamlessly linking assessment, goal development, intervention, and evaluation, AEPS is a reliable, effective solution for helping children with and without special needs. Features:

- Comprehensive. AEPS helps you do it all: assess children, plan meaningful IEPs and IFSPs, corroborate or determine eligibility, meet accountability mandates, and monitor progress
- Research-based, highly regarded system
- Meets all NAEYC guidelines and DEC recommended practices for assessment
- Easy to use; fits easily into a daily schedule
- Picks up developmental delays and small increments of progress that many tests miss
- Saves time, with web-based data management and group assessment activities.
- Helps parents learn about their child's development and addresses family concerns and goals.

Who should attend?

School early childhood special education &/or 4K staff and partners

Dr. Kristie Pretti-Frontczak is a professor in early childhood intervention, in the Department of Educational Foundations and Special Services at Kent State University. Her lines of research center on using authentic assessment practices for accountability and programming, effective approaches to working with young children in inclusive settings (including the application of universal design for learning principles), and the link between assessment, legally defensible, meaningful individualized, education plans (IEPs) and quality curriculum.

This Professional Development opportunity is supported by the DPI-funded CESA #2 IDEA Early Childhood Grant (CFDA# 84.173), WECCP Southern Region Network Initiative and the Child Outcomes Indicator Initiative.

Registration: AEPS – January 31 & February 1, 2013

Workshop Cost: \$150/person/both days

Registrations accepted until January 25 OR until workshop is full.
