# Winning Strategies for Co-Teaching in the Inclusive Classroom

## Winning teams execute sound strategies and good coaching.

It is no different in today's inclusive classrooms where teamwork and collaboration are essential for success.

**Dr. Rebecca Hines** will provide winning strategies for general, ESL teachers, instructional coaches and special education staff working in inclusive environments. These strategies not only improve team functioning, but also raise student achievement.

Utilizing a sports metaphor including pre-game and post-game analyses, Dr. Hines takes you into elementary classrooms where she presents and reviews strategies that empower inclusive teams to more effectively:

- Manage Their Time
- Use Their Expertise
- Collaborate on Content:
- Understand Their Roles and Responsibilities
