

- ❖ We're excited to offer an opportunity, free of charge, to anyone who has had previous RBI training and would like a refresher.
- ❖ We will start with reviewing the fundamentals, then you will observe a live RBI demonstration, followed by reflection and discussion.
- ❖ After lunch we will end the day putting it all together with discussion from those who use it on how to "fit it all in."

Please bring your book and notes from your two-day RBI training to reference.

For Early Childhood & Related Providers who have already taken the two-day RBI training and need help with implementation.

This session will focus on how to "fit it all in" with evaluating for eligibility.

Another tool for the itinerant teacher toolbox. This process will help with more effective evaluations for eligibility and writing functional goals.
