

Customizing TouchChat HD

June 19, 2013
12:30 PM-3:30 PM
CESA 5
626 E. Slifer St., Portage

\$75

You've downloaded TouchChat HD, looked at the myriad of vocabulary sets, now what?

This hands-on session will show you how to:

- Customize a page set
- Customize, edit and move buttons
- Create a Visual Scene Display
- Link a button to a multi-media file (music or video)
- Load pages
- Use iShare and more

Participants should have the newest version of TouchChat HD (v. 1.3+) on an updated device (iOS 6) and be comfortable with navigating and using the iPad.

Please register at myquickreg.com. Questions regarding the session? Contact Judi Cumley, cumleyj@cesa5.org
