

# WISExplore Data Retreat

## A Wisconsin CSN (CESA Statewide Network) Initiative

Eric Larsen, Presenter

### Purpose

WISEdash and other state data tools offer new opportunities to enhance data inquiry for educators. Bring your school improvement team to participate in this two-day workshop using the new WISExplore inquiry process with state data indicators for your school. This active retreat will enhance your leadership team's skills with "WISE" data tools as they inform your school's improvement direction.

Participate in a guided process to ...

- use state data tools and the WISExplore process
- explore and analyze achievement, growth, attendance, gaps, post-secondary and other state-available data to the student detail level
- determine data questions, document data findings, and formulate data inferences
- inform the school improvement process, with connections to annual goals, AMOs, SLO focus areas and strategic action plans

### Requirements:

- School Leadership Teams
- Lead person with WISEdash and MDAT access to student detail analyst
- 2 Laptop computers (internet ready)
- 2 LCD projectors
- Power strip

### For additional information contact:

Eric Larsen, CESA 6, [elarsen@cesa6.org](mailto:elarsen@cesa6.org) or 920-373-7002

**Cancellation Policy:** Any registration cancellation must be received 48 hours before the scheduled date for a refund to be issued. Because attendance at most sessions is limited, persons registering and not in attendance on the day of the session will be charged the full registration fee. CESA 6 reserved the right to cancel any session due to insufficient enrollment. Participants will be notified by email or phone if a cancellation occurs.
