Chequamegon	Solon Springs
Drummond	South Shore
Hurley	Washburn
Maple	Winter
Mellen	

Gifted & Talented Coordinators Meetings
September 25, 2013 & April 24, 2014
Registration: 8:30 AM – 9:00 AM
9:00 AM – 3:30 PM

The work of this group, with the addition of new teachers, will continue, expanding the current list of resources that our coordinators have already found to be of value for the classroom teacher as well as students, and to add curriculum developed for use with the Destination Imagination and Lego Robotics resources. This GT Coordinator group will spend one day adding lesson plans created and resources found to the resources webpage for everyone to view. Expand to reach more teachers, diversify curriculum and continue the GT Collaboration Network where all items that ranked high on the needs survey.

Educators develop environments and instructional activities that encourage students to express diverse characteristics and behaviors that are associated with giftedness. Students with identified needs represent diverse backgrounds and reflect the total student population of the district and show significant learning process as a result of improving components of gifted education programming.

LEGO Robotics
November 22, 2013
Registration: 8:30 AM – 9:00 AM
9:00 AM – 3:30 PM

Hands-on workshop for beginning robotics users and non-users will provide you with information and support to use your tools and imagination to build a robot! Powerful, easy-to-use software for programming and data-logging is icon-based and incorporates Robot Educator, a step-by-step guide with tutorials - from beginner to advanced levels. Data-logging functionalities, including a graph viewer, make it easy to collect and analyze data from sensors. Software incorporates comprehensive digital user manual. Software is MAC OS X, Window XP, Vista, Windows 7 compatible.

Student Events

K-8 Web Exploration Day (Choose 1 only)

- **November 13, 2013**
- **January 15, 2014**
- **March 4, 2014**

Registration: 8:30 AM – 9:00 AM
9:00 AM – 2:30 PM

In this one-day workshop GT coordinators will accompany their K-8 aged gifted and talented students to test web resources that have been collected as supplemental gifted and talented curriculum and learning resources. Teachers will learn how to support their students in identifying activities that engage and encourage advanced learning.

STEM Conference
April 2014 (date TBD)
