Question/Answer Session 2:30—3 p.m.

Presenter: Nicole Lehr

Description

Where other assessment and benchmark systems leave you wondering "Now what?" Fountas and Pinnell provide a link from assessment to instruction via classroom practices such as guided reading and read-aloud. Their professional book *The Continuum of Literacy Learning: A Guide to Teaching* is included with the Fountas & Pinnell Benchmark Assessment System and provides the basis for this workshop.

Drawing from this important resource, the workshop provides an introduction to The Continuum and how it can be used to set goals for learning in planning lessons for individuals, small groups, and the whole class. Discover how The Continuum can be used as a bridge in connecting your assessment data and your instruction, as well as how it can serve as a guide for evaluating student progress over time, helping you identify the specific areas in which students need help.
