

**FUN & LEARNING SCIENCE WITH
ENGINEERING IS ELEMENTARY (EIE)
TRAINING -
THE BEST OF BUGS ...**

October 4, 2013, 9:00 a.m. – 3:30 p.m. (8:30 – 9:00am Registration/Networking)
CESA #12 Conference Center, 618 Beaser Avenue, Ashland, WI

Workshop Presenter: Nancy Graese, CESA #11

Audience: Elementary Teachers, Library Media Specialists, Career and Technical Education Teachers, Carl Perkins LVEC/Designees

Objective: Training will showcase one of many available EiE units, *The Best of Bugs: Designing Hand Pollinators: Insects, Plants, & Agricultural Engineering - Mariana Becomes a Butterfly, An Agricultural Engineering Story*. Units are paired with elementary school science topics. Each unit designed to be taught with, or soon after, the science topic. Units focus on science and field of engineering (mechanical or environmental), as well as one country and culture from around the world. Units provide advanced information and lessons to help teachers meet the needs of all students. While closely integrated with science concepts, units stand alone, are not sequential, and can be used in any order.

REGISTER EARLY - EARLY BIRD SAVINGS AVAILABLE

Early Bird Registration Fee (Before September 23, 2013)

CESA 9/12 IMC Consortium Members - NO CHARGE

Members: Bayfield, Butternut, Chequamegon, Drummond, Maple, Mellen, Mercer, Northwood, Solon Springs, Antigo, Mosinee, Merrill, Lac du Flambeau, and North Lakeland.

Non-Consortium Members - \$125.00 Includes meal, snacks, materials

Regular Registration Fee (After September 23, 2013)

CESA 9/12 IMC Consortium Members - \$25.00
