Sandy Atkins returns to CESA 10 with a focus on fact fluency.

Participants in this session will spend one day with Sandy digging deeper into the expectations for fluency in the Common Core State Standards. On the remaining two days, we will explore specific strategies, such as Number Talks, for developing fact fluency and computational strategies and develop a plan that districts can bring back to share with other teachers.

Learning Outcomes:

1. Participants will explore the fact fluency expectations in the Common Core State Standards.
2. Participants will explore current research, activities, and strategies to build fact fluency.
3. Participants will develop a fact fluency plan to share with other teachers in their districts.

Cost:

- CESA 10 STEM Consortium Members = \$60 Registration Fee
- Non-STEM Consortium Members = \$60 Registration Fee + \$350 Session Fee
