Short & Sweet Summer Offerings at CESA 3

<p>Educator Effectiveness: Teaching with the Danielson Framework June 13</p> <p>The DPI model of Educator Effectiveness features Charlotte Danielson's <i>2013 Framework for Teaching</i>. This workshop will help you understand the four domains and 22 components of the framework, learn how to collect evidence, self-assess your teaching practice, and set goals accordingly. This is a perfect opportunity for teachers to gear up for implementation, required in 2014-15.</p> <p style="text-align: right;">\$50</p>	<p>Digital Tools for Teaching: E-tools for Collaborating, Creating and Publishing June 17 -18 or July 17-18</p> <p>Do you have a 21st Century Classroom? This two-day workshop will show you how to connect your teaching to the e-tools that are relevant to your students' lives. Whether you are an advanced e-tool user or a newbie, this workshop will increase your confidence using digital tools, broaden your perspective, and give you new teaching strategies that you can use tomorrow. <i>1 credit option</i></p> <p style="text-align: right;">\$100</p>	<p>Disciplinary Literacy Strategies for Middle and High School Teachers June 26</p> <p>This workshop will answer three questions: What is Disciplinary Literacy? How does it impact me? And what does it look like? Middle and high school teachers will spend an interactive day practicing the strategies highly effective teachers use to support ALL learners. Learn how to teach in a way that allows students access to your curriculum so they learn at a deep-level...regardless of ability. <i>1 credit option</i></p> <p style="text-align: right;">\$50</p>
<p>Implementing the Next Generation Science Standards (6-12) August 8 & 9</p> <p>During this 2-day workshop, we will review the three dimensions of the new science standards and work in small groups to align a curricular unit to the new standards. In the first day, participants will explore the standards with hands-on science activities that integrate the three dimensions put forth in the NGSS. Then, working in content-area teams, we will look at lesson planning in an NGSS context, starting with learning objectives and performance assessments. In the second day of the workshop, we will use the standards documents to align specific student tasks and design appropriate formative assessments for the unit. There will also be time for school-based teams to examine standards progressions specific to their course offerings. <i>1 credit option</i></p> <p style="text-align: right;">\$100</p>	<p>Geocaching for Teachers July 25 & 26</p> <p>Experience this great field trip option and popular outdoor hobby first hand. Day 1 will begin at CESA 3, where you will learn background and logistics for the activity; Day 2 will be at Governor Dodge State Park, where you will tromp in the woods to geocache and plan how to use this popular hobby back in your district. Plus, try out CESA 3's new GPS units, for this activity. <i>1 credit option</i></p> <p style="text-align: right;">\$100</p>	<p>Flip Your Classroom: Reach Every Student in Every Class Every Day July 31</p> <p>Move away from lecturing in class and help your students demonstrate a deeper learning of your content material than ever before! Learn what a flipped classroom is and why it works; then learn the digital tools you'll need to become a "flipper." This workshop will help you become a coach and facilitator while your students become independent learners. <i>1 credit option</i></p> <p style="text-align: right;">\$50</p>
<div style="text-align: center;">  <p>1300 Industrial Drive, Fennimore, WI 53809 608-822-2141</p> </div>		<p>Register for these workshops at www.myquickreg.com.</p> <p>Be sure to bring a laptop or iPad with you as technology is an important component of the learning outcomes.</p> <p>Please note that at least 10 participants are needed to run the workshops. Please register at least one week prior to the workshop date. You will be notified via email in the event of cancellations.</p>
