

Best Practices in RtI/MTSS that Align with Wisconsin's SLD Rule

Preparing Your School/District for Change

AGENDA

The Times They Are a Changin'

- MTS, College & Career Readiness, Common Core & SLD
- Why Change?

Culture and Beliefs as Foundation

- Can all students reach grade level benchmarks
- How will we respond when students are not "on-track"

Critical Principles and Principals

- Necessary but not sufficient
- Evidence-Based
- Data Driven

Overview of WI SLD Requirements

- Exclusionary Factors
- Inadequate Achievement
- Insufficient Progress
- Impairment and Need for Special Education

Team Membership/Timelines/Procedures/Tools

- Using the WI Data Tool

Decision-Making Practice

- Convergence of Data
- Consideration of Confidence

This workshop will help you evaluate SLD using RtI and will update you on critical parts of the SLD rule and federal law.

LEARNING OBJECTIVES:

- Understand system structures necessary to support College and Career Readiness for All
- Assess local status in establishing RtI/MTSS infrastructure and implementation routines
- Observe and discuss concrete examples of Multi-tiered Systems of Support
- Practice decision-making using the new SLD rule using case study examples

PRESENTERS:

Ed O'Connor, PhD

Lead Education Consultant—
Midwest Instructional Leadership
Council

John Humphries, NCSP
