Networking and shared professional development make a significant contribution to quality of work life for professionals working with young children and their families. **Early Childhood Networking meetings are** directed to educators and/or teams that teach:

- Early Childhood Special Education
- Four-Year-Old Kindergarten
- Five-Year-Old Kindergarten

including community partners!

The goal of the **AM Networking** events is to create a community in which learning occurs through collaboration, information sharing and exploration of best practices as we seek to provide optimal outcomes for children, ages 3-6.

Please contact [Susan Donahoe](#), CESA #2 EC Coordinator, with questions or comments about these workshops.

PM Early Childhood Curriculum & Assessment Network (ECCAN) meetings focus on aligning curriculum and assessment practices with the Wisconsin Model Early Standards and the Common Core State Standards.
