Why reinvent the wheel? With Common Core, Educators Effectiveness, e-Rate and a multitude of educational initiatives in place, educators need ways to infuse digital literacies into already existing curricula. Come learn about the NETS (National Educational Technology Standards) and how they can be easily infused into your classrooms with practical tips and tricks and a variety of tools to add to your own professional digital toolkit.

Prerequisite: Basic computer skills

(1) Graduate Credit through Viterbo University will be available for this workshop upon receipt of additional registration and tuition payment of \$200.00 the day of the workshop
