The Red System is meant for grade three students but has leveled texts through level Q, this will reach into fourth grade. There are many differences from the Orange, Green, and Blue systems: namely the lesson plan format and the time difference for the intervention. There is a new prompting guide out as well specifically for comprehension. Please come and spend two days with your fellow LLI teachers to learn about this new intervention. It is anticipated that the GOLD system will have the same structure as the RED system; therefore, there will be no additional trainings for implementing the GOLD system. Please come and spend two days with your fellow LLI teachers to learn about this new intervention. Bring a Lesson Guide book from the Red System each day.

Sponsored by: State Title I Network.

Learning Outcomes:

Participants will...

1. Learn the new lesson plan format of the LLI Red System.
2. Explore the Prompting Guide 2 for comprehension.
3. Evaluate their schedules for this change in programming and servicing students.
