

Google™ sites

in **ACTION**

See Google Sites in ACTION! Join us Sept 24th!

You've seen how to create a Google Site, but what about applying it to your classroom?

See how a local teacher uses Google Sites to run a blended class. When you leave you will have a new comfort level and understanding of Google Sites. This workshop focuses on using Google Sites in today's classroom, but is intended for anyone looking for a way to use Google Sites.

By attending this workshop participants can expect to learn:

- Organizing Class Structure using Sites
- Offering Google Quizzes
- Substitute Lesson Plans
- Incorporating YouTube
