## Common Core Tech Writing Resources Splash

*Eeeny, meeny, miney mo...three types of Common Core writing and no where to go...?*

Whether it's Narrative, Argument or Informative writing, there are formats, forums and processes that marry well with writing in the **Common Core**. No, writing has not changed; rather the focus has been narrowed and aimed at bite-size grade level demands. Check out **eTools** that help eager educators step **confidently** in to purposeful Common Core writing instruction!

## What's New with Wisconsin Media Lab?

Wisconsin Media Lab curates cost-free K-12 multi-media educational content. Our **award-winning classroom resources** align to academic standards and span all curricular areas! Over 800 videos are available along with teacher guides in virtually every content area and grade level.

## Taste of Flipped

Why are colleagues flipping out about flipped learning? What is flipped learning? What does it mean to "flip" a lesson? How can you maximize face-to-face classroom time with effective flipped instruction? What is the research behind flipped pedagogy? What tools can you use to create quality flipped lessons for your students and flipped professional development for your staff? Come **find out why flipped instruction is worth flipping out about!**

## Exploring LiveBinders

"Why do I keep hearing that I can find something in a LiveBinder?"

Be introduced to what this **free** resource has to offer to enhance your classroom practices and simplify your bookshelves! It doesn't matter what you teach or what level you teach at, this tool has something to offer everyone!
