

Best Practice

for Aligning Multitier— Multilevel Systems of Support with the WI SLD Rule Changes

Emphasis on this training will be for districts to attend as teams

AGENDA

The Times They Are a Changin’

- MTS, College & Career Readiness, Common Core & SLD
- Why Change?

Culture and Beliefs as Foundation

- Can all students reach grade level benchmarks
- How will we respond when students are not “on-track”

Critical Principles and Principals

- Necessary but not sufficient
- Evidence-Based
- Data Driven

Multi-Tiered System of Support-Connects to SLD Rule

- Overview of Rule
- Insufficient Progress
- Impairment and Need for Special Education

Team Membership/Timelines/Procedures/Tools

- Using the WI Data Tool

Decision-Making Practice

- Convergence of Data
- Consideration of Confidence

This workshop will help you evaluate SLD using RtI and will update you on critical parts of the SLD rule and federal law.

LEARNING OBJECTIVES:

- Understand system structures necessary to support College and Career Readiness for All
- Assess local status in establishing RtI/MTSS infrastructure and implementation routines
- Observe and discuss concrete examples of Multi-tiered Systems of Support
- Practice decision-making using the new SLD rule using case study examples

PRESENTERS:

Ed O’Connor, PhD
