

## Analyzing Systems Implementation Data

### Integrated Networking & Technical Assistance

Presented by: Rachel Saladis, Lynn Johnson, Peg Mazeika, Kathy Myles  
Regional Technical Assistance Coordinators

*Interactive sessions designed for districts and schools to further develop their behavioral and academic multi-level system of support*

#### Description:

Developing an enduring and integrated system of supports requires planning with a framework in mind. The Wisconsin RtI Center and Wisconsin PBIS network technical assistance coordinators will facilitate a series of interactive sessions that support implementation of an integrated PBIS/RtI System. School and district leaders will receive technical assistance and opportunities to network with peers while planning for fidelity and sustainability.

**Date: May 8, 2014**

**9:00-3:30**

#### Who Should Attend:

District administrators, principals, RtI coordinators, PBIS and content area coaches and educator leaders committed to implementing an integrated multi-level system of support that addresses behavior and academics

#### Outcomes:

- Connect stakeholders
- Encourage collaborative learning
- Investigate strategies to integrate RtI for academics and behavior (PBIS)
- Continue to develop schools' implementation of multi-level systems of support
- Gather resources and model processes
- Discuss technical and adaptive changes

**In the afternoon session, we will be talking about culturally responsive practices, sharing activities that teams can take back to their building.**
