

# District Assessment Coordinator (DAC) Networking Updates

## Schedule of Meetings

(first Tuesday of every month  
except October 10:00 - 11:00)

October 8, 2013

November 5, 2013

December 3, 2013

January 7, 2014

February 4, 2014

March 4, 2014

April 1, 2014

May 6, 2014

As a DAC, your main priorities are to communicate appropriate testing procedures for all required assessments throughout your district, to train staff on appropriate testing procedures, and ensure these procedures are followed and to help schools understand their test results. DACs must establish good communication and work closely with the ELL Coordinator, Special Education Director, NAEP Coordinator, and WSLs/ISES Administrator in your district.

We understand that many DACs wear more than one hat in their districts so we want to help provide a networking group that can share information, updates, and provide support.

**Please join us for a series of online networking sessions.  
Registration is on [myquickreg.com](http://myquickreg.com)**

The day before each session, an email will be sent to the list of registered participants providing them the link and access code for the meeting. You will not be able to join the meeting without registering. Meetings will usually last about 30 minutes, but we have an additional 30 minutes reserved for questions and discussion in case it's needed.

Cost for the networking is free for districts with CAI service contracts A, B, and C (Solon Springs, Washburn, Drummond, Bayfield, and Hurley). There is a \$50 fee per session for all other districts. Since this is a new network starting after the year has begun there may be a fee adjustment for participants during the 2014-15 school year.
