

## CESA 3 Gifted & Talented

### Webquest Grant

CESA 3 was awarded a Gifted & Talented Grant from the DPI in the amount of \$28,500, which will cover costs associated with a project involving 9th/10th graders from GT Consortium schools. Student teams of three 9th and/or 10th graders per district will travel to CESA 3 one day per month throughout the school year --a total of eight days--for extensive training in Google Drive and Google Sites, which they will use to develop interdisciplinary WebQuests (Dodge, 1985) for gifted students in grades 3-8. These resources can be used to provide enrichment opportunities for students with gifts and talents during intervention/enrichment times.

Grant meeting dates can be found below. The grant will cover sub costs for a chaperon, lunch, and transportation reimbursement for each meeting. Please note that a district staff member other than the GT coordinator can accompany students to this event.
