

Raising Expectations for Students

with Cognitive Disabilities and Sensory Impairments:
Vision Loss, Hearing Loss, or Deafblindness

CESA # 2 Invites teachers and paraprofessionals working with students with cognitive disabilities to join us for an informational afternoon related to ***HOW*** a hearing loss and / or a vision loss impacts the potential of students with cognitive disabilities ... and ***HOW*** to enrich their life experience and learning.

Wednesday, November 13, 2013

1:00 pm - 3:30 pm

CESA #2, Room 105

1221 Innovation Drive, Whitewater

Cost: \$20 (snacks included)

A team of Educators with experience and expertise in working with students who are deaf/hard of hearing and with students who are visually impaired, along with the WDBTAP consultant for students who are deaf-blind shall present on:

- impact of the hearing loss; clinical and educational
- impact of the vision loss; clinical and educational
- reaching through "sight" to greater independence
- reaching through "hearing" to greater learning
- how additional disabilities including cognitive disabilities and medical challenges , can mislead potential

This will be an afternoon of information sharing and dialogue supporting group learning. All questions are welcome.
