

WISCONSIN SPECIAL EDUCATION MEDIATION SYSTEM'S DISPUTE RESOLUTION OPTIONS

It is important for parents and school staff to resolve any issues right away—before these issues fester and negatively impact their relationship.

Learn how the Wisconsin Special Education Mediation System can help with early dispute resolution.

This workshop includes information about free Wisconsin Special Education Mediation System services for mediation, facilitated IEPs, and facilitated resolution meetings; when to use each option; how to make a request; who the mediators and facilitators are, as well as related federal and state laws; and more!

Wed., Jan. 22, 2014
