ORANGE, GREEN, & BLUE Systems

The Fountas & Pinnell Leveled Literacy Intervention System (LLI) is a small group, supplementary intervention program designed to help teachers provide powerful, daily, small-group instruction for the lowest achieving children in the early grades.

- Lessons across the three systems progress from beginning reading in Kindergarten or Grade 1 (Level A) to beginning reading for Grade 3 (Level N).
- LLI is designed to be used with small groups of young children who need intensive support to achieve grade-level competency.
- English language learners can also benefit from LLI. Each LLI lesson provides specific suggestions for supporting English language learners.

****Participants will need to bring an LLI kit to this workshop series to get the full benefit.**

Experience hands-on training and understanding of all components in the system provided by CESA #4's Reading Specialist, Laura Veglahn.
