# WISExplore

# Data Retreat for Special Education with a focus on Reading Achievement

<u>Dates:</u> December 2<sup>nd</sup>, 2013 and January 28, 2014

Time: 8:30 Check-In; 9:00 to 3:30

**Grade Levels:** K-12 Special Education

**Teams** 

Location: CESA 12 Conference Center

# A CSN (CESA Statewide Network) Wisconsin Initiative

#### **Purpose**

Wisconsin Information System for Education (WISEdash) and other state data tools offer new opportunities to enhance data inquiry for educators. Bring your Special Education data retreat team to participate in this two-day workshop and learn to use the WISExplore inquiry process for special education. This retreat will enhance your team's skills with "WISE" data tools as they inform your school's special education reading improvement plan.

Participate in a guided process to ...

- Use the State of Wisconsin WISEdash data tools and the WISExplore process
- Explore and analyze reading achievement, growth, and gaps, as well as other state data to the student detail level
- Determine data questions, document data findings, and formulate data inferences
- Identify the focus areas for special education action plans

#### **Agenda**

Day 1: December 2, 2013	Day 2: January 28, 2014
<ul><li>Overview, purpose &amp; vision</li><li>Role of the data team</li></ul>	Navigating, exploring and analyzing gaps
<ul> <li>Effective and efficient data work</li> <li>Navigating, exploring and analyzing achievement</li> <li>Navigating, exploring and analyzing growth</li> </ul>	<ul> <li>Navigating, exploring and analyzing engagement</li> <li>Navigating, exploring and analyzing post-secondary data</li> <li>Facilitating data work with other staff</li> <li>Planning ahead</li> </ul>
