"Knowledgeable and dynamic presenters! I am happy to see an approach to language learning that is "real" and helpful to students." ~Workshop participant

"Lisa and Karen have the two magic ingredients needed for the professional growth of world language teachers. First, they take teachers beyond general knowledge of standards-based language teaching to an in-depth understanding. Then, they show teachers HOW to put theory into classroom practice. Their classroom-tested and practical strategies make a world of difference for language teaching and learning." ~Jan Holter Kittock, World Languages Specialist, Minneapolis Public Schools, Founder, Educator in Service, LLC
