At the summit, all of our WKCE resources and an overview of their use will be presented. Conversations concerning their application in the schools and updates from the DPI will also be covered on topics such as ACCESS for ELL and MAP.

Please bring the following:

- ◆ Login names and passwords for online curriculum development tools, especially if the documents include standard's alignments.
- ◆ Access to local data that tracks the progress of classes or individuals that has been developed to be used as formative assessments. (If you think it is pertinent to the day's discussion.)
