

# The FACE of your classroom

April 2, 2014

9:00 a.m. - 3:00 p.m.

Register on [myQuickReg.com](http://myQuickReg.com)

Do you have a place your students or parents can go to find information from the day's activities in your classroom? Come to this workshop to learn about different ways to develop the face of your classroom. We will discuss different Learning Management Systems (LMS), websites and blogs as possible faces of your classroom. Specifically, we will discuss Edmodo and Schoology as possible LMS choices, Weebly or Google Sites as website builders, and Edublogs as a blog builder. There will be plenty of work time for you to build **The Face of Your Classroom!**

Pre-requisite: Basic computer skills

**CESA 3**  
COLLABORATION.  
CREATIVITY. CRITICAL THINKING.
