

"Empowering Technology - beyond the basics!"

This workshop will cover the exploration of apps that facilitate and support the use of UDL for Literacy in reading and writing. During this workshop you will learn how to implement UDL through the use of multiple means of OCR options for reading, writing, note taking, and organization. There will be a demonstration of various options for screen mirroring, screen sharing, remote desktop/laptop control, and file sharing techniques. Participants will be actively involved in the exploration of all topics being presented and will leave with an extensive list of apps and support tools to empower learning.
