## AFFORDABLE CARE ACT PRESENTATION

**TUESDAY, APRIL 8**

**12 PM LUNCH**

**12:30 PM - 3 PM PRESENTATION**

**CESA #4 CONFERENCE ROOM**

**923 EAST GARLAND STREET, WEST SALEM**

Join **Sue Sieger, Compliance Manager for Employee Benefits Corporation and Janice Wavra, Corporate Benefits Specialist at The Insurance Center** as we talk through what the recent guidance means to employee benefit planning this year and beyond.

Just when you thought you had it all figured out, new guidance is released, other rules are postponed, and there is still a lot of unanswered questions as we wait for more guidance. This session will explore the most recent Affordable Care Act guidance and how this will impact your employee benefit plans in the immediate future as well as in your long term plans.

Some topics for discussion will include: When does the full-time employee eligibility change to 30 hours per week? Who do we need to offer coverage to? How much premium is “affordable?” Do I need to offer coverage to all employees because I have in the past? Can I prorate premiums for some employees and not others? When do the nondiscrimination testing rules for insured plans start? What impact does the ACA have on my employee’s eligibility for FSA and HRA plans?

Sue Sieger will be visiting our Congressional leaders mid-March and will also have an opportunity to hear remarks from Treasury officials on what some of the most recent guidance means to employers. She will be bringing back timely information to share with you on April 8 as many of you make preparations to go into insurance renewals this summer and fall.
