Via technology sessions:
November 18, 2014 • January 20, 2015 • March 25, 2015
3:30 pm– 5:30 pm

Overview

We will be exploring Early Literacy practices throughout the school year.

Participants will be:

- Engaging in important topics for an effective Literacy Program, such as Foundations of Literacy, Engaging Families through Literacy, Foundations through Play and Developmentally Appropriate Ways of Practice, Effective Read A-louds, and Writing.
- Examining their practices that are currently being used and engaging in conversations with other participants to support quality early literacy practices for young children.
- Receiving a toolkit of resources to support effective Literacy Practices for young children, which you can use to enhance quality in your Early Literacy program. These resources will support developmentally appropriate practice.

Participants must attend ALL five sessions and at least one coaching session
