Who Should Attend?

Please Note: This class is not for beginners. This is a Level 2 SMART Board workshop.

Previous attendance at a Level 1 SMART Board workshop AND training in The Daily Five are highly recommended

- Users who can create SMART Notebook lessons, use a SMART Board, and are looking for additional ways to incorporate the SMART Board into **The Daily Five** classroom instruction using **SMART Notebook™ software**.
- All participants must have basic knowledge of Microsoft Windows® or Macintosh operating systems.

What Will I Learn?

- Learn why the **The Daily Five** is a practical approach used by thousands of teachers for:
 - analyzing and organizing student assessment data, and designing and managing instructional plans
- Learn how this workshop will strengthen and streamline RtI efforts in the classroom!
 - **The Daily Five** system allows for focused instruction based on students' greatest needs, allowing for joyful learning and high academic achievement for all.
- Learn about the **features** in **SMART Notebook™ software** that can be utilized to create dynamic and engaging lessons for any learner.
- Learn how to customize and incorporate tools that work with the SMART Board™ and Notebook™ software to further enhance learning.
- Learn and share some tips and tricks for making the integration of this exciting educational technology, easier, faster and simpler.
- Bring an idea, incorporate interactivity into the lesson and it will be ready to take back to the classroom.
