

# MATH LEADERSHIP TASKFORCE

Tuesday, October 19, 2010 (*Curriculum and Instruction*)  
Thursday, January 6, 2011 (*Assessment*)  
Tuesday, March 15, 2011 (*Action Planning*)

Jodean G runow Ph.D. is leading this CESA #3 Mathematics Taskforce,  
designed to bring together teams of teachers and administrators.

## Workshop I – Quality Instruction

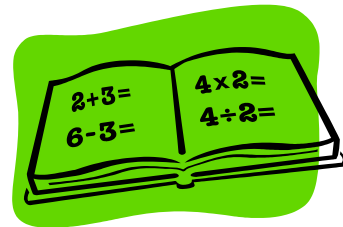

- Mathematical Common Core Standards
- Curriculum Alignment
- Teaching for Understanding
- Standards for Mathematical Practice
- Template for Alignment

## Workshop II – Balanced Assessment

- Identifying District Assessments that are in place for each grade span
- Identify District Strengths and Pressing Needs
- Align assessments with standards
- Reviewing interventions that are researched based and innovation based on best practices
- Screeners for RtI
- Action Planning

## Workshop III – Collaboration

- Data Analysis
- Assess effectiveness of curriculum alignment
- Moving forward

**Who Should Attend:** *Teams of teachers preferred. Teams that represent 1 teacher from each of the following areas: K-2, 3-5, 6-8, 9-12 and 1 administrator if possible. (Maximum of 10 school districts)*

**PLEASE NOTE:** We are taking the 1<sup>st</sup> ten school districts who register.
